

# JAY MARK JOHNSON

SPECIAL EXHIBIT  
Venice Art Walk & Auctions

Sunday May 22nd  
11am to 4 pm

With his spacetime artworks, Jay Mark Johnson explores the possibilities for timeline photography. Challenging the norms of perception, his visual and conceptual experiments are painterly, poetic and critically engaging.

Venice Art Walk & Auctions is the annual fundraising event of the Venice Family Clinic. In fiscal year 2009, with the help of 2,057 volunteers, including 493 physicians, the clinic served 24,424 low-income men, women, children, teens, and seniors in 103,517 visits.

This Special Exhibit is hosted by Animal West, a commercial post-production facility providing visual effects and character animations for national and international clientele.

*"A provocative blend of lyricism and scientific scrutiny, perhaps the most exciting aspect of Johnson's photography is that it tugs photography away from the gravitational pull of Euclidean documentation--which has dominated the field since its beginnings--and prods it towards new and ambitious aesthetic and intellectual goals".*
